- This is a requirement of the Erasmus program.

3. What courses from the UCM School of Dentistry should I put in the Learning Agreement (LA)?

Erasmus mobility at the UCM Faculty of Dentistry is only available for the 5th year. Incoming students must be in the last year of the degree in Dentistry. The subjects of the study plan of our center are those that appear in the following table. You must choose all the compulsory subjects and three electives. You cannot choose other subjects other than these:

Year	Type	Code	Course	ECTs (2 semesters)	ECTS (1 semester)
5	Compulsory	801455	Cirugía maxilofacial (Maxillofacial surgery)	6	3
5		801456	Clínica Odontológica Integrada (Dental integrated clinic)	24	12
5		801453	Odontología Preventiva y Comunitaria (Preventive and Community Dentistry)	6	3

4		801454	Disfunción cráneo-mandibular y dolor orofacial* (Craneomandibular Dysfunction and Orofacial Pain)	6	3

* Activity in the same day. For students coming only 1 semester, only one out of these 3 could be selected. Students coming the whole year, could only select 2 out of them.

** Incoming students in the second term: adequate preclinical practice should be demonstrated before moving to clinical practice.

4. *Do I need to have a minimum level of Spanish to carry out the mobility?*

Yes, it is necessary to demonstrate an adequate level of Spanish (at least a B1) before carrying out the mobility. The certificate that proves your language level must be sent to our mobility office (intodon@ucm.es) throughout the month of July.

5. *What is the academic calendar of our center?*

The calendar is available on the website of our center and is usually updated at the end of June.
